GROWING THE INSIDE

"Drawing upon material created both during the pandemic and from working in inclusive settings, Penny will share some of her work around tone, rolling, grounding and the use of our centres using props. Working with these details, we will extend into larger movements, whilst maintaining an awareness of our micro dances"

Penny Chivas (she/her) is a dance artist with a long-standing practice in Contact Improvisation. Alongside Tom Pritchard and later, Laura Gonzalez, she co-directed @TheGlasgowJam (2013-2017), running Glasgow's CI scene including receiving funding from Creative Scotland to mentor emerging facilitators and teachers through the 'New Jammers' programme. She has taught CI internationally in countries such as Finland, Iran, China, Germany, Italy, Australia and England, as well as working with inclusive dance companies such as Sweden's Danskompanietspinn and Everybody in Germany.
